Vakke met keuringsvereistes

Indien die volgende vak(ke) geneem wil word, is wiskunde 'n voorvereiste:

- Fisiese Wetenskap
- Ingenieursgrafika en –Ontwerp (interne maatreël)
- Inligtingstechnologie (interne maatreël)

'n Keuringsproses (interne beleid) vir leerders wat Inligtingstechnologie en Ingenieursgrafika as vak in graad 10 wil kies, vind plaas. Daar word hoofsaaklik na die leerder se volle wiskunde-profiel van graad 8 en 9 gekyk.

Keuring is nodig omdat fasiliteite en spesialispersoneel beperk is.

Subject changes in Grade 10 - 12

A learner may change one or more subjects in his or her Grade 10 year. Learners may change a subject in Grade 11 or 12 if the school deems it in the best interest of the learner and allows the subject change.

Addisionele vakke

Wanneer 'n leerder 'n ekstra vak neem, mag dit beteken dat hy twee vakke op een dag in die eksamen moet skryf. 'n Keuse kan slegs in graad 10 uitgeoefen word.

Die verantwoordelikheid berus by die leerder om die werk, assesserings en datums by die onderwyser te kry. Geen formele, ekstra klasse word vir ekstra vakke aangebied nie.

Voorligting- en ondersteuningsdienste

Vir enige navrae en ondersteuning in die maak van vak- en loopbaankeuses, kan leerders en hul ouers mev. R. Rossouw kontak.

Mrs Rossouw is an experienced educator and guidance counsellor. Please contact her at the following e-mail address: rossouw@stellenberg.org.za
