At Stellenberg High School, our values are the heartbeat of all we do. We believe in **integrity, respect, excellence, and commitment**: guiding principles that shape the way we learn, lead, and live. Our **mission** is to provide a dynamic, supportive, and challenging environment that nurtures each learner's potential – preparing them to be confident, responsible citizens who can make a positive contribution to society. Our **vision** is to be a school of choice, recognised for academic excellence, cultural richness, sporting achievement, and the holistic development of every learner.

Ons moedig ons leerders aan om uitdagings met vasberadenheid aan te pak, verskille met respek te benader en prestasies met nederigheid te vier. Ouers en graadvoogde werk saam om te verseker dat leerders floreer. Terwyl julle hierdie opwindende nuwe hoofstuk begin, nooi ons julle uit om ten volle in die strewe na uitnemendheid – Stellenberg Uitnemendheid – in te koop.

Kommunikasie is die sleutel!

Send your email to the correct teachers:

- Ms Y Boshoff (previously Smit) - Learner Reception (learneradmin@stellenberg.org.za)
- Ms J Malcolm - Grade Head (malcolm@stellenberg.org.za)
- Mr R van der Westhuizen - Grade Head (vdwesthuizen@stellenberg.org.za)

Stuur 'n e-pos aan die graadvoogde indien daar enigiets is waarvan die skool moet weet – hou ons asseblief op hoogte!

NB: When sending an email, make sure to indicate your child's name, surname, class section and a topic in the subject line.

ACADEMIC MATTERS

VAKKEUSES

KEUSE 1: AFRIKAANS HUISTAAL (AHT) and ENGLISH HOME LANGUAGE (EHL)

Learners may choose to take both **English and Afrikaans at Home Language** level. Please peruse the following information to make an informed decision:

- English Home Language at primary school level is not a prerequisite for taking EHL in Grade 8.
- A proven level of English language proficiency is necessary to be successful in the EHL stream. AHT learners, who wish to be considered for EHL instead of English First Additional Language (EFAL), are therefore required to have achieved an average of **80% or higher** for EFAL in Grade 7. These learners will be subjected to a formal selection process.
- Learners who take EHL and AHT in Grade 8 may change this selection at the end of any year. They are not compelled to continue with both English and Afrikaans at Home Language level until Grade 12.
- This is an opportunity for learners who enjoy languages, or perform well in languages, to expand their knowledge.
- Afrikaans-speaking learners who choose to take AHT and EHL will still be in an Afrikaans admin class, and all other subjects will be taught in Afrikaans (in Grade 8 and 9).
- Any questions can be directed to Mrs Nicole Fenner, Senior Subject Head of English Home Language, at fenner@stellenberg.org.za.
- Note that only one extra English Home Language class (35 learners who chose both EHL and AHT) can be accommodated in the school's timetable, hence the selection process.

KEUSE 2: VISUELE KUNS OF MUSIEK AS DEEL VAN SKEPPENDE KUNSTE

Creative Arts in Grade 8 comprises the following **components**:

1. Drama
2. Visual Arts **or** Music*

***Music may be selected if a learner meets any of the following criteria:**

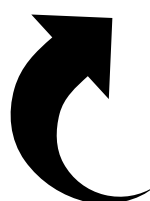

- They are taking individual music or singing lessons and have a basic knowledge of music theory.
- They have taken individual music lessons in the past but discontinued them no more than two years ago, and would like to continue learning to play a musical instrument while further developing their knowledge of music theory.
- Learners who would like to take music but do not meet the criteria may still select Music providing that they pass the Stellenberg music aptitude test.

Ons sal ook van hierdie leerders verwag om **individuele musieklesse** te neem. Musieklesse word deur voltydse en deeltydse personeel aangebied. Die personeel is spesialiste en die lesse word **teen 'n ekstra fooi** aangebied. Alle musiekstyle, insluitend klassieke musiek, ligte musiek en jazz, word onderrig.

Instrumentale lesse in klavier, kitaar, viool, sang, tromme, asook hout- en koperblaasinstrumente word aangebied. Lesse word tydens skooltyd en na skool aangebied.

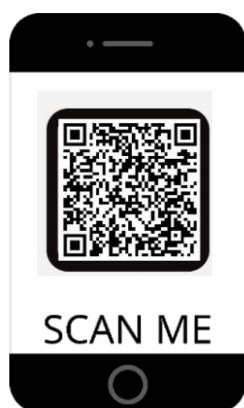

If you are interested in taking **extramural music lessons** next year, please complete the online application form by following the link below:

<https://forms.office.com/r/m52VDndLpR>

URGENT

Vakkeuses kan deur middel van die onderstaande skakel voltooi word.

ALL ELECTRONIC SUBMISSIONS DUE ON

1 September 2026

<https://forms.office.com/r/BVzqgwjqzv>

Please note: If a learner does not complete the online form, the default subjects will be allocated to that learner: Home Language - LOLT (Language of learning and teaching), First Additional Language, as well as Visual Arts. If a second response is recorded, the most recent response will be deemed valid.

ELEVATE EDUCATION: GRADE 8 STUDY SKILLS PROGRAMME

Building a strong foundation in study skills is an important part of preparing Grade 8 learners for the academic demands of high school. Throughout the year, three structured study skills sessions will be facilitated with all Grade 8 learners.

SESSION 1: Study Skills (Studievaardighede) Kick Start (February 2027).

Hierdie werkswinkel verduidelik die proses van selfstandige leer en stel leerders bekend aan die fundamentele vaardighede wat hulle oor die komende jare sal benodig en kan toepas. Vaardighede gedek in die sessie:

- DYNAMIC READING / DINAMIESE LEESWERK: How to read a text and extract the key points, not just summarise every sentence.
- NOTE TAKING / AFNEEM VAN NOTAS: How to get the ideas the students have extracted from their reading into an organised set of notes that will facilitate effective learning.
- CONCEPTUAL LEARNING SKILLS / KONSEPTUELE LEERVAARDIGHEDE: How to break the information into its relevant parts as opposed to simply rote learning the material.
- INDEPENDENT LEARNING / ONAFHANKLIKE LEER: What independent learning means and how to learn independently.

SESSIE 2: Time Management / Tydsbestuur (May 2027)

Skills covered in the session:

- STUDY ROUTINE / STUDIEROETINE: How to develop a study routine that allows for socialising, sport and extra-mural activities but still ensures academic productivity.
- WORKING SMART / WERK SLIM: How to identify the work that will earn students the most marks in their final years and how to ensure that it is completed.
- STUDY GROUPS / STUDIEGROEPE: Students are shown how to leverage their time across the year by using study groups. This is a particularly powerful technique for those students who are time-poor.
- PROCRASTINATION / UITSTEL: Students are introduced to the most common reasons for procrastination and how to overcome them.

SESSION 3: Memory Mnemonics / Geheue en Geheueleer (August 2027)

Skills Covered in the session:

- UNDERSTANDING MEMORY AND WHY WE FORGET / VERSTAAN GEHEUE EN WAAROM ONS VERGEET
- HOW TO RETAIN INFORMATION / HOE OM INLIGTING TE ONTHOU
- MEMORY TECHNIQUES TO SUIT DIFFERENT LEARNING STYLES / GEHEUETEGNIEKE WAT BY VERSKILLENDEN LEERSTYLE PAS

Waarvoor word die toestel gebruik?

Ons gebruik **Microsoft Teams** as ons gekose e-platform om ons **Gemengde Leerbenadering (Blended Learning)** te ondersteun en te versterk. Tegnologie vervang nie die onderwyser in die klaskamer nie, maar voeg waarde toe tot tradisionele onderrigmetodes en help om ons leerders met die nodige digitale vaardighede vir die toekoms toe te rus.

Alle leermateriaal, vakbronne, ondersteuningsmateriaal en taakgebaseerde assesserings word op **Microsoft Teams** gedeel. Belangrike aankondigings rakende akademie, sport en kultuur word ook daaglik op die platform geplaas.

Leerders gebruik **Microsoft Office-toepassings**, soos Word en PowerPoint, vir onder andere take, mondelinge aanbiedings en navorsing. Graad 8- en 9-leerders ontvang tydens **Digitale Tegnologie-lesse** praktiese opleiding in die gebruik van hierdie toepassings en ontwikkel sodoende die digitale vaardighede wat hulle gedurende hul hoërskoolloopbaan en daarna sal benodig.

Responsibilities of the learner

Learners will receive a unique Stellenberg username and password on the first day of school. This password will provide our learners with access to all the necessary Office 365 applications (TEAMS, MS Word, etc.). **Learners must be aware that all school rules will apply when they participate in online learning or when they use any applications or the e-platform at school.** Please refer to our ICT policy for more information in this regard.

Wi-Fi is gratis by die skool vir opvoedkundige doeleindes beskikbaar. Leerders kan alle leermateriaal, bronmateriaal en assesseringsopdragte by die skool aflaai, sodat hulle tuis, sonder die noodsaaklikheid van data, hulle opdragte en huiswerk kan voltooi.

Gemengdeleer vereis dat leerders ook, met die leiding van hul vakonderwyser, selfstandig moet werk en verantwoordelikheid vir hul onderrig moet aanvaar. Leerders moet dus ELKE DAG die boodskappe en instruksies op Microsoft Teams lees en getrou by die sperdatums vir die indien van assesseringsopdragte hou.

Parents must monitor their child's online behaviour and ensure that they use devices responsibly. Please protect your child by using software (on their devices and smart phones) to track their online activity and behaviour. Parents must ensure that devices are used and cared for appropriately. **Parents are advised to insure the devices privately.**

Learners are responsible for the safekeeping of their electronic devices when they are at school. **Lockers will be available to rent from the school at a minimal cost. Information about these lockers will be shared at the beginning of the school year.**

DISCIPLINE

CODE OF CONDUCT

We strongly believe in a value-driven society at Stellenberg High School. Our core FIRE values (FAITH, INTEGRITY, RESPONSIBILITY, and EXCELLENCE) are the driving force behind the way that we develop and use our CODE OF CONDUCT.

We firmly believe that honouring our Code of Conduct builds character and starts with our learners. We rely on our parents to familiarise themselves with the Code of Conduct and to support the school in ensuring that all our learners act accordingly. If we have the support of all our parents in this regard, it should not be necessary for the school to spend valuable contact time addressing matters concerning behaviour, appearance or attendance. However, if it is necessary for the school to intervene, we will always strive to affect a change in behaviour by looking at restorative measures as well as punitive measures. The most recent version of the school's Code of Conduct explains the roles and responsibilities of the school, parents and learners. It is available for your perusal on the school's website.

<https://stellenberg.org.za/inligting/#beleide>

LEARNERS AND RESPONSIBLE e-LEARNING PRACTICES

The safety of all our learners and staff is of the utmost importance to us and for this reason the school has decided to offer a compulsory online course to all learners in Grade 8. This course was developed by **The Digital Law Academy** and will be assigned to the learners as a TEAMS assignment on their admin class TEAMS. Emma Sadleir is a well-known legal expert in the field of digital law, and she presents the content in a very simple, but effective way. The assignment consists of a short video followed by a few questions dealing with the content of the video. A section must be completed before a learner can start the next session. Many of the topics discussed in the course are based on actual court cases, and we strongly encourage parents to watch the videos with their child(ren) and to discuss the content of the videos as a family – before answering the questions.

ONDERSTEUNINGSDIENSTE EN WELSTAND

THE GRADE HEAD SYSTEM

There are two Grade Heads for each grade. Besides their teaching and administrative duties, the Grade Heads oversee the attendance, scholastic progress and discipline of learners in a particular grade. The Grade Heads are therefore an important link between the school and the parents. Learners are encouraged to discuss their concerns with their Grade Heads – who “move” with the learners to the next grade each year.

LEERDERWELSTAND

THE JOURNEY

THE JOURNEY is more than just a programme – it is a life-changing, inter-denominational experience designed to help boys and girls enter high school spiritually prepared and grounded in truth. At its heart, THE JOURNEY seeks to restore and strengthen the family structure, creating a safe space where fathers can reconnect with their school-going sons and daughters in meaningful ways.

Through intentional mentoring and coaching, the programme nurtures authentic manhood and womanhood by instilling Godly values, building character, and developing the kind of leadership that lasts a lifetime. It is not simply about guidance for today, but about equipping the next generation to step into their calling with courage, faith, and integrity.

Rooted in community and sustained by families who serve together, THE JOURNEY remains a voluntary, faith-based initiative that has already touched many lives – inspiring hope, fostering resilience, and shaping futures.

KOMMUNIKASIEKANALE

KOMMUNIKASIE MET OUERS

Wedersydse en oop kommunikasie tussen die ouerhuis en die skool is noodsaaklik vir effektiewe onderrig en opvoeding. Vir algemene navrae kan u die skool telefonies tydens skoolure skakel. Ons vriendelike administratiewe dames sal u oproep verwys of 'n boodskap neem.

Buiten ouervergaderings wat deur die jaar geskeduleer word, kan u deur middel van 'n e-pos direk met die onderskeie onderwysers en graadvoogde kontak maak. Die opgedateerde kontaklys is op die skool se webtuiste beskikbaar. Let asseblief daarop dat onderwysers tydens skoolure in die klas is en nie noodwendig dadelik op u e-pos kan reageer nie. In 'n noodgeval, kan u die e-pos ook aan die leerder-sekretaresse rig.

Wees bedag daarop dat Hoërskool Stellenberg van die administratiewe- en kommunikasie-sagteware, **Staffroom**, gebruik maak. Dit is noodsaaklik dat u as ouer jaarliks u inligting opdateer om te verseker dat u bereikbaar is. Skakels of e-posse wat uit hierdie stelsel gestuur word, is amptelike korrespondensie. U as ouer kry ook toegang tot die stelsel deur die **Intouch Parent Portal**. In Januarie 2027 sal u die geleentheid kry om op hierdie stelsel in te teken. Die instruksies vir hierdie proses sal aan u gestuur word. Indien u probleme ondervind met die **Intouch Parent Portal**, kan u 'n e-pos in hierdie verband aan me. Yolandi Boshoff (learneradmin@stellenberg.org.za) stuur.

Hoërskool Stellenberg het geen amptelike WhatsApp-groep nie. Groepe wat gestig word deur afrigters, spanbestuurders of ouerverteenwoordigers is dus nie-amptelike kommunikasiekanale. Weerhou u daarvan om die skool, leerders, onderwysers of afrigters op hierdie groepe te bespreek. Die skool het geen beheer of invloed om die **gesprekvoering** op hierdie groepe te reguleer nie. Waardevolle inligting word wel hier gedeel. Ons moedig u aan om by hierdie groepe aan te sluit, MAAR sou u enige klagtes hê, moet u asseblief onmiddellik u betrokke sport- of kodehoof kontak.

Die skool maak ook van sosialemediaplatforms gebruik om u as ouers ingelig te hou. Vind en volg asseblief ons amptelike blad op beide **Facebook** en **Instagram**. Spesiale geleenthede en spogprestasies word hier gedeel.

A word from the Head of Sport, Andras Molnar:

At Stellenberg High School, sport is about more than just playing a game. It is an opportunity to create memories with friends that will last a lifetime. Stellenberg Sport is not simply another school activity; it has grown into a community event where people come together to support our teams and be part of something bigger than themselves.

Skolesport in Suid-Afrika het oor die afgelope jare baie professioneel geraak. Dit dien as 'n platform waar jongmense nie net hul sporttalente kan ontwikkel nie, maar ook 'n toekoms vir hulself kan bou. Daarom is dit ons verantwoordelikheid om ons leerders voor te berei vir die uitdagings en geleenthede wat voorlê.

At Stellenberg, we have established a High-Performance structure. For us, however, high performance is not simply about chasing victories and trophies. It is about creating a professional environment where we can grow as a school, as teams, and as individuals. Our aim is to prepare and equip our players and teams to be ready for every opportunity and challenge that comes their way.

Hoe doen ons dit? Ons volg 'n bewese bloudruk wat oor baie jare ontwikkel is. Ons kompeteer in die hoogste liga in die Westelike Provinsie en neem deel aan die voorste toernooie in die land. Ons stel die regte afrigters aan en belê doelbewus in hul ontwikkeling, sodat hulle voortdurend as professionele afrigters kan groei.

We are also proud to have appointed a full-time sports psychologist who is available to support our athletes through any mental or emotional challenges they may face. Stellenberg is the only school in South Africa with a full-time sports psychologist as part of its sports programme. This reflects our commitment to the holistic development of every athlete, ensuring that they are equipped not only physically, but also mentally and emotionally – to perform and thrive both on and off the field.

Die rol van 'n ouer binne hierdie proses is van kardinale belang. Ons vra dat ouers die sportprogram vertrou, daarin glo en hul kinders ondersteun. Wees eerstens 'n ma of 'n pa en nie 'n afrigter nie. Jou ondersteuning, aanmoediging en vertrouwe help om 'n omgewing te skep waarin jou kind kan floreer, leer en ontwikkel. Saam bou ons nie net suksesvolle spanne nie; ons bou jongmense wat voorbereid is vir die toekoms.
